ORDER UP! FOUR TYPES OF SENTENCES

Teacher Directions - Set #1

Get ready to have your students excited to play a fun, hands-on game that will challenge their thinking skills in reading and thinking about the four types of sentences. This set of **ORDER UP!** is the perfect set to test your students' knowledge, for use as a center activity, an individual or partner activity, or to help them practice for that important state test!

Directions for Use:

- 1- Copy the work mat (optional) and **ORDER UP!** strips on card stock.
- 2- Laminate each page and cut apart the **ORDER UP!** strips LEAVING THE ANSWERS attached!
- 3- **Demonstrate for the students how to play the game:**

- a- Start with the card that reads (START).
 - b- Place it on the bottom section of the work mat. Read and solve the problem that is written on the START strip.
 - c- When you have an answer, find the strip that has the answer printed on it. Place it on the work mat in the next section up.
 - d- Continue reading and solving problems until you reach the top of the work mat.
- 4- Explain that all the answers ARE on the strips, and that all the strips are used for the game.
 - 5- Turn the students loose to enjoy the activity knowing that it is self-checking, making this a virtually independent activity!

Alternate Ways to Enjoy Your **ORDER UP!** set:

- Use as a language arts center.
- Make copies of the STUDENT VERSION and work mats on regular paper and have the students "cut and paste" the strips on the work mat.
- Once students have a good understanding of how to play, have them make up their own set of Order Up cards and add it to your collection.
- Send home the page as a homework or extra credit assignment.

Students: Cut apart each strip and complete the activity.
